

Welcome or Bienvenidos to Spanish Class

We offer Spanish to all students in our school. Students at the eighth grade level are prepared using the Navegando 1 Textbook. This book is the current 9th grade level book at Kelly High School. The students in 8th grade receive Spanish class on a daily basis throughout the year. Grade Level 6th & 7th receive a semester of Spanish per year. The textbook for students in 6th and 7th grade use ¿Cómo Te Va?. The remaining grades 1st through 5th grade receive Spanish as a thirty minute a week enrichment class. The enrichment classes in the elementary level are an introduction to the Spanish language using repetitive, auditory and visual concepts. We work on the basics of spelling, reading, grammar and vocabulary. I look forward to teaching your children a second language.
